Editorial

Dear Reader

It is our pleasure to present the 2026 UMA Business Directory, a comprehensive reference showcasing companies within Uganda's manufacturing community and their contribution to regional and international trade.

This directory reflects our ongoing commitment to quality and relevance. Each edition is enhanced to deliver greater value, and every effort has been made to ensure the accuracy of the information provided. Our guiding principle of continuous improvement remains central to the development of this publication.

The primary objective of the UMA Business Directory for is to increase the visibility of UMA members both within Uganda and beyond its borders by providing reliable access to their contact information and the products they manufacture. The directory serves as a practical tool for investors, business partners, suppliers, and other stakeholders seeking to engage with manufacturers in the region.

For ease of navigation, the directory is organized by industry sector, allowing users to quickly identify companies operating within specific fields. This is further supported by a comprehensive alphabetical index at the end of the directory, complete with corresponding page references. Users may therefore locate companies either by sector classification or through the index.

We extend our sincere appreciation to our advertisers, whose support has made the production of this directory possible. Special thanks also go to the Business Development Department for their dedication and collective effort in bringing this publication to life.

UGANDA MANUFACTURERS ASSOCIATION

For two consecutive years, Hariss International was recognized as best Overall Exhibitor and the Best Sector Exhibitor Foods & Beverages. These awards reflect our commitment to quality, innovation and a skilled dedicated workforce.

As we step into 2026, we continue to raise benchmarks in manufacturing excellence, industry collaboration and sustainable growth.

Proudly Manufacturing for Africa.

***Recognized by Industry.
Driven by Standards.***

Members of the Advisory Council L-R (Mr. Deo Kayemba, Eng James Kalibbala and H.E Abid Alam)

ABOUT UMA

The Uganda Manufacturers Association (UMA) is a private-sector organization that unites a broad and diverse membership of manufacturers and industry players across the country. The Association continues to champion the interests of its members, strengthen collaboration within the manufacturing ecosystem, and promote sustainable industrial development in Uganda.

Today, UMA stands as a premier national and regional business association with international recognition, serving as the authoritative voice of Uganda's manufacturing fraternity. The Association remains instrumental in advocating for policy reforms that promote industrial competitiveness within the regional and global economy.

Anchored by our vision to be the premier Business Member Organization in East and Central Africa, UMA remains committed to delivering value through solutions that advance sound economic policy and support industrial growth. Our strategic direction is centered on strengthening our relevance to members and stakeholders, shaping policy and advocacy agendas that enhance the manufacturing sector, and driving operational excellence. Together, these priorities position UMA to deliver superior performance and sustained impact

CORPORATE GOVERNANCE:

The institutional framework of the Uganda Manufacturers Association (UMA) is built on three complementary governance and leadership structures that ensure strategic clarity, strong oversight, and effective service delivery. The Advisory Board provides high-level strategic guidance, offering expert insights on industry trends and long-term opportunities to keep UMA innovative and forward-looking.

The Board of Directors oversees governance, sets strategic priorities, and ensures that the Association operates transparently and in the best interest of its members.

Guided by these structures, the Management Team led by the Executive Director handles the day-to-day operations of the Association, executes Board decisions, delivers member services, and engages closely with manufacturers to support their needs and daily business activities.

Together, these bodies form a cohesive institutional system that drives UMA's mission and strengthens its impact within the manufacturing sector.

The Board committees

The Board committees were reorganized to strengthen the Board's capacity to guide and oversee the Association's diverse operations. Eight committees support the Board Chair in providing strategic oversight across the Secretariat's key functions. These include Finance & Administration; Communication, Marketing & Events; Membership; Economic Business Policy and Environment; Estates; Training & Projects, Research, Technology & Innovation and Sector Heads.

Each committee is led by a Board director who provides leadership, supports effective execution of Secretariat activities, and communicates major developments to the Board for consideration and approval. This framework promotes continuous alignment and

informed decision-making.

VISION

To be the premier Business Member Organization in East and Central Africa.

MISSION

To serve our members and the general public by providing products, programs and services that sustainably improve economic prosperity.

Strategic Goals

- Enhance UMA's Relevance to Members and other Stakeholders.
- Influence Policy And Manufacturing Related Advocacy
- Operational Excellence.

Membership

Uganda Manufacturers Association today has a membership of 1500 companies from a wide range of sectors from the manufacturing sector as well as service sectors. These sub-sectors include: Agricultural, Agribusiness, Auto & Auto accessories, Banking & Insurance services, Construction, Chemicals, Cosmetics, Electrical, Electronics and Energy Efficiency Products, Foods & Beverages, Foam, Industrial Products, Machinery, Metal Steel & Aluminium, Pharmaceuticals, Packaging, Plastics, Leather, Rubber, Textiles, Vegetable oil & Soap and Wood & Wood products among others. UMA Membership is voluntary and is categorized as follows: Corporate, Large, Medium I, Medium II, and Small Scale.

UMA Services to Members

Policy Advocacy

The primary mission of UMA is effective representation of the interests of manufacturers to Government and to advocate for better policies, a conducive business environment as well as a level playing field for all manufacturers

Through her policy and advocacy arm, UMA engages with government in a bid to shape policies that can have a positive effect on manufacturing operations in the country. Policy advocacy involves consultation of UMAs various sectors followed by synthesis of the different sector positions into a coherent and an all inclusive manufacturing position for the attention of the Government.

Business Networking Activities

Acknowledging the symbiotic nature of the different constitutive sectors of the association, UMA facilitates business linkages both within and without the association through the development and execution of networking events among these business luncheons and forums. Through these networks, UMA enables members to exchange experiences, ideas and to develop new business linkages.

Trade fairs and Expos

With new innovations taking shape in Uganda's manufacturing sector daily, an opportunity to showcase such developments is vital for the vested companies. Through sector specific and general trade fairs and expos UMA offers members an opportunity to market their products. These shows have become popular and effective in promoting locally manufactured goods and services with the flagship trade fair- The Uganda International Trade Fair - attracting global participants and a global audience and being marked as a key calendar event on the nation's social-economic calendar. The annual international trade fair attracts over 1000 exhibitors from more than 30 different countries annually.

Digital, Print and Media

UMA updates its members on pertinent issues through the monthly newsletter and annual manufacturers' directory, and Trade fair catalogues. UMA also runs a website on which a wide range of information is placed for members to access. www.uma.or.ug. With a distributorship of over 10,000 physical copies and over 100,000 virtual copies, UMA's publications are a sure avenue through which to reach out to potential clients and partners. To advertise in our publications, email communication@uma.or.ug

Training & Skilling.

Manufacturing is a dynamic sector with new advances coming onboard daily. Competitiveness of any manufacturing entity is hinged on having the latest information and skills available and UMA recognizes this and organizes a range of trainings for members to improve their competitiveness. Whether it is through our general courses or through bespoke training events tailored to individual companies, our fully accredited training center is able to provide the expertise needed to boost the competitiveness of our manufacturers.

Projects and Internship placement.

UMA has implemented a number of projects aimed at identifying graduate interns and placing them in different UMA member companies. The internship is focused on employer-oriented needs instead of university needs. Therefore, the interns are placed after thorough consultative meetings with participating companies to understand their skills gap and needs and matching these to the interns from participating Universities and Vocational Institutions.

Events facilities

The UMA Show Grounds have for over 34 years been a hub of events, gatherings, weddings, expos and meetings because of the central location making it accessible (12KM from Kampala Town). The ample parking space, spacious halls and open grounds have made the grounds a centre for major calendar events of this country. Some of the events held at the UMA show Grounds include: The Uganda International Trade Fair, Comedy Store, Bride & Groom expo, Phaneroo Worship Centre, Dubai-Asia Expo, Chinese Exhibition, Egyptian Expo among others. MESSAGE OF APPRECIATION

H.E Abid Alam

Chairman Advisory Council

Dear partners and members,

On behalf of the UMA Advisory Council, I wish to thank you for your continued confidence in the Uganda Manufacturers Association. Your commitment demonstrated through consistent membership support and active engagement in Association initiatives remains essential to the growth and resilience of Uganda's manufacturing sector.

I am pleased to introduce the 2026 edition of the Uganda Manufacturers Association Business Directory, alongside its digital platform available at www.directory.or.ug. This directory serves as a vital reference point for showcasing our members and facilitating meaningful connections with business partners, investors, and stakeholders across Uganda, the East African region, and international markets.

For more than thirty-seven years, the Association has been at the forefront of promoting industrial development by championing locally manufactured products, strengthening value addition, and supporting the use of domestically sourced raw materials. These priorities are reinforced through flagship initiatives such as the annual trade shows, which create opportunities for members to engage with regional and global counterparts, share expertise, and establish partnerships that drive innovation and sustainable industrial growth.

The Advisory Council also recognizes the important role played by the Government of Uganda in supporting the manufacturing sector. Through ongoing dialogue with relevant Ministries, Departments, and Agencies, UMA has contributed to policy interventions that have expanded regional export opportunities and improved the business environment.

The 2026 UMA Business Directory brings together a broad and relevant network of stakeholders aligned to the evolving needs of our members. I encourage you to fully utilize this resource to strengthen collaboration within the Association, identify new opportunities, and extend your reach into wider regional and international markets.

As we look ahead, I wish you continued success and a prosperous 2026

FOREWORD

Aga Sekalala Jr
Chairman

Fellow Industrialists,

I extend my warm congratulations to you as we step into 2026, and I thank you for your continued confidence in and support of the Uganda Manufacturers Association. Your commitment remains the foundation upon which the Association continues to grow and serve the interests of Uganda's manufacturing community.

The Uganda Manufacturers Association remains steadfast in its mandate to represent your interests and advocate for policies that promote a stable, competitive, and enabling business environment. UMA is dedicated to serving its members, and our Secretariat continues to work diligently to support the sustainability, growth, and long-term success of your enterprises.

It is with great pride that I present the 29th edition of the Uganda Manufacturers Association Business Directory. This publication represents a significant milestone in our ongoing efforts to strengthen business linkages, promote collaboration, and showcase the depth, capability, and diversity of Uganda's manufacturing sector.

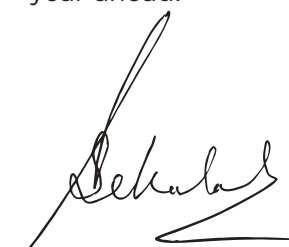

As Chairman of UMA, I take pride in the continued evolution of this directory. Each edition reflects the resilience, innovation, and progress of our industry. Through continuous improvement, we have ensured that the directory remains a relevant and reliable resource that facilitates meaningful business connections and contributes to national

and regional economic development. I extend my sincere appreciation to the UMA Secretariat for their dedication in compiling and updating this publication. Their commitment has been instrumental in bringing this edition to fruition.

I encourage our members to fully utilize the UMA Business Directory as a strategic business tool whether to identify new suppliers, explore distribution channels, or establish partnerships that drive growth and competitiveness. To our partners and stakeholders, I invite you to engage with the opportunities presented within Uganda's manufacturing landscape as captured in this directory.

Together, let us build on our shared strengths, navigate emerging challenges, and continue advancing Uganda's manufacturing sector to new levels of excellence.

I wish you continued success and prosperity in the year ahead.

Aga Sekalala Jr
Chairman.

FOREWORD

Dr. Ezra Rubanda
Executive Director

Our Esteemed Members,

On behalf of the Board and Management of the Uganda Manufacturers Association (UMA), I am pleased to welcome you to the year 2026 and to present to you the 2026 UMA Business Directory.

This directory is a comprehensive compilation of contact information for manufacturing industries and related service providers operating in Uganda. The listings are organized both sector-wise and alphabetically, making it easy for users to quickly identify and connect with potential business partners, suppliers, and service providers.

The 2026 edition features over 1900 manufacturing companies and service providers, representing number of industrial sectors, and reflects the continued growth and diversity of Uganda's manufacturing base. The directory is expected to play a significant role in promoting local content, Buy Uganda Build Uganda (BUBU) initiatives, and strengthening domestic value chains. It also serves as a critical reference point for Government Ministries, Departments and Agencies, particularly in identifying local suppliers during public procurement processes.

The directory will be distributed to all UMA

member companies, key business institutions across the EAC, Embassies and diplomatic missions, and relevant Government institutions, ensuring wide reach and maximum visibility for listed companies.

I would like to sincerely thank all companies that contributed to the success of this directory through advertising and participation. Your support has been instrumental in making this publication possible. We trust that you will gain the visibility, connections, and business opportunities that you deserve.

We look forward to another year of collaboration, growth, and industrial development as we collectively advance Uganda's manufacturing sector.

Ezra Rubanda (PHD)
Executive Director.

Products & Materials: We specialize in customized and printed packaging solutions made from: HDPE, LDPE, PP, BOPP

Company Profile

We are manufacturers of high quality polythene bags used as both primary and secondary packaging materials for a wide range of industries. Our products are available in both recycled and virgin materials, tailored to meet diverse and demanding packaging requirements.

Our product range includes, but is not limited to:

Garbage bags, Plain liners, Industrial liners, Nursery bags, Waterproof sheeting (DPC rolls), Flat bags, Bread wrappers, Yogurt packing bags, Coffee pouches, Flour packing bags, Grocery packing bags, Shopping bags, Shrink wrappers, Exam bags

We also develop tailor made packaging solutions as per specific customer requirements

Recycling Outsourcing Services

In addition to manufacturing, we offer comprehensive plastic recycling services

Purchase all types of industrial plastic waste, including lumps

Recycle plastic waste at competitive rates for companies that do not have in house recycling facilities and wish to outsource this process

This allows our clients to manage their plastic waste efficiently while supporting sustainable practices.

UMA INDUSTRIAL EDUCATION & AGRICULTURE PAVILIONS

The Uganda Manufacturers' Association (UMA) is thrilled to announce the upcoming trade fair:

2026

An Interactive
Learning
Experience

WHAT TO EXPECT

HANDS-ON LEARNING

Interactive sessions and practical demonstrations.

AGRICULTURAL INNOVATION

Showcasing modern solutions for a sustainable future.

INDUSTRY ENGAGEMENT

Connecting learners, educators, and industry leaders.

PARTNERSHIPS & OPPORTUNITIES

Building networks that drive growth and development.

32ND

UGANDA
INTERNATIONAL
TRADE FAIR

2ND - 11TH
OCT. 2026

BOOK SPACE NOW

FIRST IN
The World

adopting 100% Green Steel Composite process in Primary Steel making for all four verticals

FIRST IN
The World

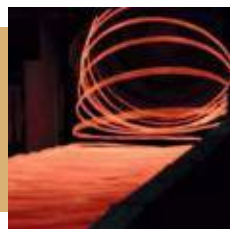

to produce low carbon steel from Cast Iron. - 2003 as an Alternative Raw Material For Africa.

ALL PRODUCTS - 100% MADE IN UGANDA USING VIRGIN IRON ORE

First in **The Continent** to produce TMT REBARS through TC Rolling -2017

Ultra-Premium TMX Rebars through Virgin Iron Ore

First in **The Continent** to produce 5mm Wire Rod -2014

Using Primary Route Through Direct Rolling

First in **The World** to produce the Lightest Structural sections -2007

From Continuous Configuration From Direct Rolling.

First in **The World** to produce 0.7mm Hot Rolled Sheet (HRC) -2008

From Continuous Configuration From Direct Rolling.

- **Green Steel Making:**

Tembo leverages synergistic approach of Environmentally Friendly practices, proven to reduce CO2 emissions up to 70% in primary steelmaking.

- **The only company in Africa to:**

Manufacture HRC, Structural Steel, Wire Rod & TMT from Iron Ore.

LARGEST
Product Portfolio

Through Integrated Primary Route In Africa.
